| <b>Date of analysis:</b>          | 02 - 07/09/16   |

## RESULTS

| Parameter                | Method of Analysis            | Reporting Limit (RL) | MRL | Result   |
|--------------------------|-------------------------------|----------------------|-----|----------|
| Drugs in page 2, mg / kg | MTD pest.26<br>(GC – MS / MS) | 0.01 – 0.03 / isomer |     | all < RL |

RL: The Reporting Limit denotes the sensitivity of the method

MRL: Maximum Residue Level

Signature

Date of issue : 07/09/16

Peter Paschalis, Ph.D.  
Unit Manager

- 
- The above results relate only to the items tested.
  - The present Certificate shall not be reproduced, *except in full*, without the written approval of AG.EN.T. Laboratories.
  - All methods included into the lab's scope of accreditation contain the acronym MTD. More information can be found at the laboratory's website.

## AGRICULTURAL DRUGS TESTED BY GC - MS / MS
